BARISTA 300 VACUUM TECHNOLOGY

The perfect aroma, everyday

Necta

Evoca Spa reserves the right to change product specifications according to a constantly evolving design policy.

The Table Top designed to preserve coffee freshness and aroma, ensuring consistent quality and enhancing the perceived value of every cup

Distinctive product attributes

Versatile applications

- Placed on a base cabinet or paired with the S&F Gusto 6 Mini for seamless integration.
- Ideal for small offices, coworking spaces, grocery stores, hair salons, tire shops, and car dealerships.

Vacuum Technology

- Necta Vacuum system offers a richer body, lower acidity, and prolonged aroma retention for up to 14 days post refill, outperforming traditional coffee hoppers.
- Visible coffee beans with a prominent transparent hopper, adding visual appeal and emphasising the coffee experience.

Barista wide values

Guaranteed performance

- Proven reliability widely recognized worldwide, making Necta a trusted choice for quality-driven operators.
- Exceptional in-cup quality from our patented Z4000 brewer, available in different versions, to meet everyone’s tastes.

Sustainable excellence

- Designed with bio-circular plastics, up to 96% recyclable components and 100% recyclable packaging.
- Sets the standard in the Autocoffee segment with up to A+ rating per EVA-EMP protocol.
- Industry-leading ESG credentials showcase Evoca’s sustainability leadership.
