Necta best-selling, digitally advanced machine – an innovative solution that sets the standard for cutting-edge reliability.

## Distinctive product attributes

### The broadest range on the market

- Available in several configurations —from Espresso to Full Instant or Espresso with Leaf Tea— offering operators the flexibility to choose the ideal setup for any location.

### Engaging user experience

- A 13.3" fully customizable user interface improves product attractivity and simplifies the purchasing process.
- Backlit customizable photographic panels designed for impactful communication and increased engagement.

### Digital native

- Integrated connectivity enabling native cloud services to allow remote rebooting and support daily work operations.
- Simple and intuitive programming menu standardized across the entire product range.

## Barista wide values

### Guaranteed performance

- Proven reliability widely recognized worldwide, making Necta a trusted choice for quality-driven operators.
- Exceptional in-cup quality from our patented Z4000 brewer, available in different versions, to meet everyone's tastes.

### Sustainable excellence

- Designed with bio-circular plastics, up to 96% recyclable components and 100% recyclable packaging.
- Sets the standard in the Autocoffee segment with up to A+ rating per EVA-EMP protocol.
- Industry-leading ESG credentials showcase Evoca's sustainability leadership.
